

Journal Article

[Sound Pressure Levels in Rooms: A Study of Steady State Intensity, Total Sound Level, Reverberation Distance, a New Discussion of Steady State Intensity and Other Experimental Formulae](#)

Journal	Building Acoustics
Publisher	Multi Science Publishing
ISSN	1351-010X (Print)
Subject	Mechanical Engineering , Built Environment and Acoustics
Issue	Volume 19, Number 3 / September 2012
Category	Research Article
Pages	205-220
DOI	10.1260/1351-010X.19.3.205
Online Date	Wednesday, November 14, 2012
